Appeal for KUAA Membership

The primary aim of education is to usher in a social transformation, which is possible only when all segments of a society, including those from under-privileged groups, get quality education. The University of Kashmir has been serving the society for the past more than 60 years and has made a significant contribution in this direction. However, still a lot more is needed to be done. Being a State university, the University of Kashmir has limited financial resources at its disposal and as a result at times many talented youth are not in position to continue their education because of financial constraints at home. The University is not in a position to come to their rescue because of its financial limitations. In this scenario financial support from public/private sources can prove to be of great importance to advance the cause of socio-economic development of Kashmiri community.

Provision of student scholarships, merit awards for athletic and academic achievements and development of infrastructure can be of great help in transforming the society. It is in this spirit that former students of the University of Kashmir got together and formed the Kashmir University Alumni Association (KUAA) to make a difference in our community. The KUAA has been serving the society by providing scholarships to needy graduate and post-graduate students as well as by running two primary schools for children of people belonging to under-privileged sections of the society.

The Association has also been striving to help the Alumni maintain connections to their Alma Mater as well as fellow graduates by providing a common platform for interaction. Since we feel that most of our social ills are the direct result of lack of appropriate education, partnering with KUAA will be an excellent way to promote one's commitment to the values of compassion and generosity.

I appeal all the Alumni of University of Kashmir, wherever they may be on the face of the globe, to lend a helping hand in the noble task undertaken by the KUAA by becoming its Life/Annual/Donor/Corporate Member. Membership Form can be submitted online on the official website of the Association, i.e., "<http://www.kuaa.uok.edu.in>". It can also be downloaded and duly filled application form may be submitted along with membership fee@ in Cash/Demand Draft/Cheque to:
